

A COMPLETE GUIDE FOR  
NURSING PHARMACOLOGY CLASS

# PHARMACOLOGY BUNDLE

# TABLE OF CONTENTS:

## I- Medication Affecting the Nervous System ... 01

Sedative hypnotic anxiolytics - benzodiazepines  
Atypical anxiolytic / Nonbarbiturate anxiolytic  
Selective Serotonin Reuptake inhibitor - SSRI  
Antidepressants  
Serotonin-Norepinephrine Reuptake inhibitor  
Atypical antidepressants  
Tricyclic antidepressants - TCA  
Monoamine Oxidase Inhibitors - MAOI  
Bipolar disorder - mood stabilizer  
Bipolar disorder - mood stabilizer antiepileptics  
Antipsychotics: 1st, 2nd, 3rd Generation  
CNS Stimulants - ADHD  
Alcohol Abuse - Abstinence maintenance  
Opioid's abuse - abstinence from opioids  
Smoking Abuse - abstinence from nicotine  
Alzheimer's medication  
Myasthenia Gravis - Cholinesterase Inhibitor  
Anti-Parkinson's - Dopaminergic  
Anti-Parkinson's - anticholinergic  
Antiepileptics  
Topical beta blockers - for open-angle glaucoma  
Alpha2 adrenergic agonists  
Prostaglandin analogs  
Carbonic anhydrase inhibitor (systemic)  
Cholinergic (direct acting)  
Hypnotic/Sedative - Insomnia Medications  
Hypnotic/Sedative - barbiturates  
General Anesthetic Meds

## II- Medication for Pain and Inflammation ... 08

Salicylate  
Nonsteroidal anti-inflammatory drugs - COX1 & COX2 Inhibitor  
Nonsteroidal anti-inflammatory drugs - COX2 Inhibitor  
Acetaminophen  
Opioid agonist  
Topical analgesic

## III- Medication affecting Musculoskeletal System ... 09

Neuromuscular blocking agents  
Muscle relaxants: direct acting  
Muscle relaxants: Centrally acting (CNS)  
Bone disorder - calcium supplements  
Bone disorder - Hypocalcemic MEs  
Selective estrogen receptor modulator  
Bisphosphonates  
Antigout medication

## IV- Medication affecting Respiratory System ... 11

Beta2 adrenergic agonists  
Methylxanthines  
Inhaled Anticholinergics  
Glucocorticoids  
Leukotriene modifiers  
Antitussives: opioids / non-opioids  
Expectorants  
Mucolytics  
Decongestants  
Antihistamines

## V- Medication affecting Cardiovascular System ... 13

Diuretics - High-Ceiling loop diuretics  
Diuretics - thiazide diuretics  
Diuretics - potassium-sparing diuretics  
Diuretics - Osmotic diuretics  
Meds for BP - ACE Inhibitor  
Meds for BP - Angiotensin II receptor blockers  
Meds for BP - aldosterone antagonists  
Meds for BP - direct renin inhibitor  
Meds for BP - calcium channel blockers  
Meds for BP - Alpha adrenergic blockers  
Meds for BP - Centrally acting alpha2 agonists  
Medication for Hypertensive crisis  
Beta Blockers - Beta 1  
Beta Blockers - Nonselective (1-2)  
Organic Nitrates - Antianginal Drugs  
Cardiac glycosides  
Antidysrhythmic medication  
Adrenergic agonists - Catecholamines  
Anticholinergic-antimuscarinic  
Antilipemic agents - Cholesterol medication

## VI- Medication affecting BLOOD ... 19

Anticoagulants – IV / Sq  
Anticoagulants – oral (Vit K Inhibitor)  
Direct thrombin Inhibitor  
Direct inhibitor of factor Xa  
Antiplatelets  
Thrombolytic medication  
Fibrinolysis inhibitor  
Erythropoietic growth factor  
Leukopoietic growth factor  
Colloid  
Blood products

## VII- Vitamins and Minerals ... 22

Magnesium  
Iron  
Vit b12 - cyanocobalamin  
Folic acid  
Calcium  
Potassium

## VIII- Medication affecting Endocrine System ... 23

Insulin  
Oral antidiabetics  
Hyperglycemic meds  
Thyroid hormone  
Antithyroid – thionamides, Iodine  
Anterior pituitary hormone – growth hormone  
Antidiuretic hormone  
Adrenal hormone replacement  
Mineralocorticoid  
Hyperpituitarism Medication

## IX- Medication affecting GI ... 27

Antibiotics  
Histamine<sub>2</sub>-receptor antagonist  
Proton pump inhibitor  
Mucosal protectant  
Antacids  
Prostaglandin e analog  
Antiemetics  
Antidiarrheals  
Laxatives  
Medication for Irritable Bowel Syndrome (IBS)  
Medication for Inflammatory Bowel Disease

Antiflatulent  
Pancreatic enzymes

## X- Medication affecting the Immune System ... 31

Chemo Agents - Antimetabolites  
Immunosuppressant – polypeptide  
Antirheumatic – antimalarial  
Antitumor – anthracyclines  
Antimitotic – vinca alkaloids  
Antineoplastic – alkylating agents  
Prostate cancer medication  
Breast cancer medication  
Biologic response modifier

## XI- Medication affecting the Reproductive System ... 33

Estrogens  
Progesterone  
Androgen  
5-alpha reductase inhibitor  
Alpha1 adrenergic antagonists  
Erectile dysfunction – phosphodiesterase type 5  
Inhibitor  
Medication affecting labor

## XII- Medication for Infection ... 35

Penicillins  
Cephalosporins  
Carbapenems  
Glycopeptide antibiotic  
Tetracyclines  
Macrolides  
Lincosamides  
Aminoglycosides  
Sulfonamides  
Urinary tract antiseptics  
Fluoroquinolones  
Antiprotozoals  
Antifungals  
Topical antibacterial  
Topical fungal  
Psoriasis - topical  
Topical antiparasitic  
Antitubercular medication  
Antiviral medication
